Disaster Loan Assistance Available:

Economic Injury Disaster Loans (EIDLs) – Working capital loans to help small businesses, small agricultural cooperatives, small businesses engaged in aquaculture, and most private, non-profit organizations of all sizes meet their ordinary and necessary financial obligations that cannot be met as a direct result of the disaster. These loans are intended to assist through the disaster recovery period.

Credit Requirements:

- Credit History – Applicants must have a credit history acceptable to SBA.
- Repayment – Applicants must show the ability to repay the loan.
- Collateral – Collateral is required for all EIDL loans over \$25,000. SBA takes real estate as collateral when it is available. SBA will not decline a loan for lack of collateral, but SBA will require the borrower to pledge collateral that is available.

Interest Rates:

The interest rate is determined by formulas set by law and is fixed for the life of the loan. The maximum interest rate for this program is 3.750 percent.

Loan Terms:

The law authorizes loan terms up to a maximum of 30 years. SBA will determine an appropriate installment payment based on the financial condition of each borrower, which in turn will determine the loan term.

Loan Amount Limit:

The law limits EIDLs to \$2,000,000 for alleviating economic injury caused by the disaster. The actual amount of each loan is limited to the economic injury determined by SBA, less business interruption insurance and other recoveries up to the administrative lending limit. SBA also considers potential contributions that are available from the business and/or its owner(s) or affiliates. If a business is a major source of employment, SBA has the authority to waive the \$2,000,000 statutory limit.

Loan Eligibility Restrictions:

Noncompliance – Applicants who have not complied with the terms of previous SBA loans may not be eligible. This includes borrowers who did not maintain required flood insurance and/or hazard insurance on previous SBA loans.

Note: Loan applicants should check with agencies / organizations administering any grant or other assistance program under this declaration to determine how an approval of SBA disaster loan might affect their eligibility.

Refinancing:

Economic injury disaster loans cannot be used to refinance long term debts.

Insurance Requirements:

To protect each borrower and the Agency, SBA may require you to obtain and maintain appropriate insurance. By law, borrowers whose damaged or collateral property is located in a special flood hazard area must purchase and maintain flood insurance. SBA requires that flood insurance coverage be the lesser of 1) the total of the disaster loan, 2) the insurable value of the property, or 3) the maximum insurance available.

The Three Step Process: Disaster Loans

About Disaster Loans

The U. S. Small Business Administration (SBA) provides low-interest, long-term disaster loans to businesses of all sizes, private non-profit organizations, homeowners, and renters to repair or replace uninsured/underinsured disaster damaged property. SBA disaster loans offer an affordable way for individuals and businesses to recover from declared disasters.

STEP 1: Apply for Loan

- Apply: 1) online; 2) in-person at a disaster center; or 3) by mail.
- Apply online at the SBA's secure website disasterloan.sba.gov/ela.
- As a business of any size, you may borrow up to \$2 million for physical damage.
- As a small business, small agricultural cooperative, small business engaged in aquaculture, or private non-profit organization you may borrow up to \$2 million for Economic Injury.
- As a small business, you may apply for a maximum business loan (physical and EIDL) of \$2 million.
- As a homeowner you may borrow up to \$200,000 to repair/replace your disaster damaged primary residence.
- As a homeowner or renter, you may borrow up to \$40,000 to repair/replace damaged personal property.

STEP 2: Property Verified and Loan Processing Decision Made

- SBA **reviews your credit** before conducting an inspection to verify your losses.
- An SBA verifier will **estimate** the total physical loss to your disaster damaged property.
- A loan officer will determine your **eligibility** during processing, after reviewing any insurance or other recoveries. SBA can make a loan while your insurance recovery is pending.
- A loan officer works with you to provide all the necessary information needed to reach a loan determination. Our goal is to arrive at a decision on your application within 2 - 3 weeks.
- A loan officer will contact you to discuss the loan recommendation and your next steps. You will also be advised in writing of all loan decisions.

STEP 3: Loan Closed and Funds Disbursed

- SBA will prepare and send your Loan Closing Documents to you for your signature.
- Once we receive your signed Loan Closing Documents, an initial disbursement will be made to you within 5 days:
 - Physical damage:
 - \$25,000
 - Economic injury (working capital):
 - \$25,000 (In addition to the Physical damage disbursement)
- A case manager will be assigned to work with you to help you meet all loan conditions. They will also schedule subsequent disbursements until you receive the full loan amount.
- Your loan may be adjusted after closing due to your changing circumstances, such as increasing the loan for unexpected repair costs or reducing the loan due to additional insurance proceeds.
